Mr. Duarte requested a board meeting to discuss concerns regarding the speed the 28-passenger bus was traveling on March 5th to a track meet in San Antonio. Meeting was convened on March 28, 2024.

Mr. Duarte opened with initial comments.

Mrs. Hartmann expressed concerns that her daughter was having a panic attack due to the back AC in the bus going out on the trip home.

Mr. Baker read a letter outlining the following concerns: School bus speed, Dismissive, unemphatic response from administration, and timing of enforcement of cell phone policy.

He stated that the group desired the following:

- Revision of current bus policies, including speed and chaperones
- Mrs. Blauser and Mr. Headley receive reprimands for perceived lack of communication and transparency.
- Mrs. Blauser to meet with the JH track team to discuss the safety concerns.

The board entered executive session to discuss the listed concerns. The attached letter was sent to the parents on March 29th.
